

# KUBO

Digital Compact Dehumidifier

Small and elegant, KUBO fits into any space, even the smallest

## Dehumidification Style

Small and elegant, KUBO fits into any space, even the smallest. With a maximum dehumidifying capacity of 12 litres per day, it is ideal for keeping air dry in small spaces.

## Control System

KUBO can be operated, using the built-in digital control panel. 2 speed levels: Low or High. Regulation of air humidity from 30% to 90%, with Automatic operation. 24 hour timer. Automatic safety warning if the tank is full, and thawing function in case of low temperatures.

## Features

- Takes out up to 12 lit of humidity per day (30°C, 80% r.h.)
- The humidity required can be regulated between 30 and 90%, with an additional function in automatic mode: KUBO regulates itself and intelligently maintains the correctly humidity level without you having to do anything
- KUBO is safe and silent, it switches off automatically if the tank fills completely, and indicates this condition.
- KUBO is environment friendly, because it uses ecological R134a refrigerant.
- The condensate collection tank is easy to remove and empty, and there is also a convenient automatic water drain option.
- The electronic controls, with digital technology and an LED display, are easy to use.
- The air filter is easy to remove and clean, and protects the product and your ambient settings from pollutants.
- The timer function can be used to set operation from 1 to 24 hours.
- KUBO is very practical and has castors to make it easy to move around, without lifting it.
- It can work at low ambient temperatures (down to 5°C) thanks to its automatic defrosting system, with an indicator light.

## Data

| KUBO                          |                           |
|-------------------------------|---------------------------|
| Ean Code                      | 8019250988978             |
| Power @ 230V                  | 260W                      |
| Dehumidification capacity     | 12lt/day (30#C, 80% u.r.) |
| Max. Tank Capacity:           | 1,6 lt                    |
